

Education

Carnegie Mellon University

Pittsburgh, PA, USA | Aug 2025 - Present

Master of Design in Design for Interactions (MDes)

Master of Arts in Design (MA)

Kookmin University

Seoul, South Korea | May 2013 - Feb 2018

Bachelor of Arts in Korean History

Bachelor of Arts Advertising and Public Relations

Professional Experience

UX Designer, COOCON (B2B Fintech SaaS)

Seoul, South Korea | May 2022 - Oct 2024

- Redesigned the main experience of Checkpay, a personal finance and payments app, for its 2023 relaunch, reorganizing multiple existing financial services into a clearer entry point and iterating in Figma with PMs and engineers for a product serving 100K+ monthly active users.
- Led product planning and design for a savings and deposit comparison service, defining requirements, structuring the comparison experience, and coordinating with PMs, regulatory stakeholders, and a Cambodia-based development team through final implementation.
- Adapted a shared design system across 2 of 6 client implementations, defining client-specific UI rules, colorsystems, and visual styles for Checkpay and BNK.

Research & Academic Experience

Graduate Researcher, Cooking Support Research

Human Computer Interaction Institute, Carnegie Mellon University, Pittsburgh, PA, USA | Aug 2026 – Present

Contributing to a Toyota Research-sponsored study exploring how technology can help older adults with mild cognitive impairment or early-stage dementia continue cooking independently, combining qualitative research with the development of technology concepts informed by real-world cooking behavior.

Research Assistant

School of Design, Carnegie Mellon University, Pittsburgh, PA, USA | Mar 2026 – May 2026

Mapped complex civic systems and evolved service concepts for Neighboring With, a community-mapping platform, translating them into UX flow diagrams and wireframes for stakeholders and funders.

Leadership & Fellowship

Graduate Student Assembly Representative

School of Design, Carnegie Mellon University, Pittsburgh, PA, USA | Sep 2026 – Present

Represents School of Design graduate students within the Graduate Student Assembly, planning and running student events and relaying student feedback and concerns to GSA leadership.

Fellow

Block Student Fellowship on AI and Society, Carnegie Mellon University, Pittsburgh, PA, USA | Sep 2026 – Present

Member of the inaugural cohort of a CMU fellowship exploring the social, political, ethical, and civic dimensions of AI; participating in a faculty-led seminar series, with an interdisciplinary team project on AI & Society.

Skills

Software & Tools

Adobe Creative Suite, Figma, Framer, Sketch, Microsoft Suite, Zeplin, Claude, Cursor

Methods

User Research, Competitive Analysis, Accessibility Standards, Usability Testing, Information Architecture, Wireframing, User Experience, Interaction Design, Prototyping, Design Systems, Cross-functional Collaboration
